Procedures for Responding to Parents

It is the procedure of the School District of Oconee County that Title I schools respond to all written and oral parent concerns, problems, recommendations, or commendations related to the Title I school program within 24 hours or by the next school day, whichever comes first. If needed or requested, school officials also inform parents or other interested parties of the issue/request. All issues related to Title I compliance submitted by parents or other interested parties are filed with the principal and with the Federal Programs office.
